Peneral of the Late Rear Admiral Dayls.

The funeral of the late Rear-Admiral Chas.

H. Dayls took place from St. John's P. E. Chuyen
pesterday, at 11 o'clock. The casket, furnished
by Harvey, was of wainst, covered with sloth,
trimmed with black velvet, black mouldings, and
har handles. On the lid was a handsome plate,
inseribed with the dates of birth and death of the
decased. After the burial service of the charch
had been read by the rector. Rev. J. Vaughn
Lewis, the casket was borne to the heares by
eight sailors from the United States ship Wyeming, inflowed by the following pall-bearers:
Admirats Porter, Poore and Stanley, Commodere
Ammen, Capit. Patterson, General Ramisey,
Prés. Henry and Capt. McHair.

The officers on duty at the Observatory and the
storks accompanied the family as mourners. The
secont consisted of a battailion of U. S. marine,
commanded by Major Haywan, and officered by
Captain Nokes, 1st Lieutemant Zeilan, Captain
Williams, Adjutant, 1st Lieutemant Jesup
Hitholton. The cartege, beseded by the Marine

Rear Admiral Goldsberough.

Rear Admiral Louis Malesherbes Goldsborough, United States Navy, expired at 520 o'clock yesteralay morning, at the Hamilton House, corner of Fourteenth and K streets northwest, of

ner of Fourteenth and K streets northwest, of typhoid fever, aged it years. Admired Goldsberough is the sixth Admired Who has died within the past hive weeks. The following sacteh of the life of this eminent navial commander may not prove uninteresting:

Admired Goldsborough was born in this city, February 18, 1800, and in December, 1812, when less than eight years of age, an autedated mid-hymonic warrent was given to him, accompanied by the condition: "You are not to receive any pay or emolument until you report yourself to this department for actual service." In July, 1816, ne was given his first orders into service, which were to join the Independence, "I, under

his steamen as electric profession—manuscript astronomy, &c.
In 1877, having received orders from the Department, he foliad the Mediterancia squadron, then commanded by Controlore Redgers, efter was ordered to soin the schooner Porpoles, under command of Lieutenant Commandant Benjamin Cooper, At this period piratical deprediations in and about the Greena Archipelago, were of frequent occurrence, so that no inserchant vessel of war, could with

tance from the Purpsise and the rest of the vessels of the centry perhaps a couple of miles, but in the most of the configuration on her steek her mate and configuration on her steek her mate and mother of her rew successed in effecting they escape in the stern boad, reaching the Purpoise and making the theory of the configuration of the configuration of the configuration of the primary of the primary of the primary of the configuration of the moment of the arrival alongside of the mate, nothing had been distinctly ascertained, although efforts with the sweeps were boing made to approach the Connet. It was some found, however, that the institute were towing the Connet faster away from the Porpoise than the latter vessel could be moved by the agency the Comer faster away from the Porpoles than the latter wessel could be moved by the agency the account of the country of the

theirs, fully recovered. In the struggle from eighty to nitery of the pirates were citive killed or wounded.

The ward room steward of the Porpotee, a mulatte of Herenlies etteringth, was one of the expected of the pirates with the struck of the expected of the pirates, while the chief of the horse, with several of his men, was dispatched by the pitatol of Llata. John A. Carr, of Virginia, a gall-ant officer, long since dead. These pirates, at this time, were so numerous that ne insertent vessel, unprotected by convoy, could venture to late the convergence of the pirates of the pirates while the chief of the pirates and the struck of the pirates, at this time, were so numerous that ne insertent vessel, unprotected by convoy, could venture to late the pirates of the pirates of

plied with very much better instruments of navi-gation, and at much less cost tian they were pre-viously.

3. Goldsberough was detailed by the large perfection to commodore Chanseey, then acting as secretary, as the executive officer of the riggie United States, intended for the coars of Brazil and La Plata; but this versei after pro-ceeding from listen to New York and thence to Norlolk, was found to be sligularly decayed; and entirely too defective for the purpose, and the frigate Potomae was substituted in her place. Shortly after the arrival of the Potomae on the cast of Heartl, a wearney happened in the com-mand of the behoner Enterprise, and he being the senior licutional of the squardon, was ap-pointed to fall it, and remained in command of the first time Commodore Morris arrived to take command of the Brazil squardon, and a va-cancy securing in the command of the sloop-of-war Marion, he appointed Goldberough to fill it, or transferred him from the command of the States and condemned by our courts. [11] 184, he returned to the United States with the Barrion.

If in 182, he returned to the United States with the Marino.

In January, 184, he was ordered to the navy yard at Portsmouth, N. H., as it is executive officer.

In 1846, war existing with Mexico, he applied to be employed, and was appointed executive officer.

In 1846, war existing with Mexico, he applied to be employed, and was appointed executive officer.

In 1846, war existing with Mexico, he applied to be employed, and was applied to executive officer.

We at the state of the part of the Part of the Year Crux, and subsequently commanded a large detachment of her officers and crow at the attack and capture of Tuppan. He was detached from the Ohio on her return to New York, in 1847, the ship being them intended for the Pacino station, and not to have a higher grade of officer than 11 1848, he was appeinted to command the Naval Hendezvous at Baltimore, and after commanding there a few months, was ordered, in 1849, by the Department, as the senior naval officer of a joint commission, composed of three army and three many officers, to explore California and the commission, composed of three army and three navy officers, to explore California and typen the advantages they might possess for initiatry and naval purposes, the proper situations for fortifications, dook yards, light-houses at the command the Cumberland, and the flag ships of Commodore Stringham departed for the Retification of the Command that the service to Washington, and in 1852 he was ordered to command that the command of the flag ships of Commodore Stringham departed for the Retification of the command that the service to the service of the command that the service of the service of the command that the service of the service of the command that the service of the service of the Command that the service of the service of the command of the Naval Academy and according the service of the service of Revision in cases which had arisen under the flag ship of Flag Officer Joshua H. Sands, appointed commander, in-the of the Brait squadow, and he retur
